### CANCEL ALL CONTRACTS

A Medical Company Will do no More Advertising

IF BRYAN AND SEWALL WIN

They Believe a Democratic Victory Would Mean Panic and Disaster, and Will Not Spend More Money Than is Absolutely Necessary.

The free silver people who believe that the election of Bryan and Sewall will bring prosperity to the country will read the following letter with interest:

"GENTLEMEN:—To protect ourselves in time of panic and financial distress—which we regard as inevitable if the unexpected should happen in November—we have decided to add the following condition to all contracts made for newspaper advertising:

"It is also agreed that if the free silver candidate, Bryan, be elected, the Doctor Miles Medical company have the privilege of cancelling this contract.

"From this date contracts without this clause will not be accepted.

Respectfully,

DR. MILES MEDICAL COMPANY."

The letter was sent out by a large concern located in Indiana. They have dealings with newspapers in all parts of the country, and realize that the sale of their goods would fall off if Bryan should be elected. Knowing that when the majority of people have no money, and those who have a few dollars are only spending them for the necessities of life, the company will not waste money in that direction. Perhaps they were taught a severe lesson during the hard times following the last election of Cleveland, and are not anxious for another. The letter is an object lesson, a political illustration of how the question is observed. If the people have no money to buy the company does not advertise. This is but one illustration of many, and shows that the business world fears the Democratic party. Copies of the letter have been sent to this country.

### SHORT OF MONEY.

The Prohibition Campaign Pocketbook is Flat.

The Prohibitionists, after nominating a ticket as detailed exclusively in the NEWS REVIEW last evening, talked finance. Chairman Swan stated that Columbiana county owed \$220 as its share of the state campaign fund, and he wanted to know where it was to come from.

"This is the great campaign we have been looking forward to for 10 years. We said then we would elect a president this year, but we are not making any bets on it just now. The party is split into factions, and not in good condition financially," said Mr. Swan.

Reverend Lutz spoke on the same line. He pointed out that speakers were only being paid from \$1 to \$5 a day, and no big guns would be heard in the campaign. "The present condition is the worst we have ever known, and the party is badly disorganized."

C. F. Bough declared the spring campaign cost \$60, and he had paid it all but \$10 out of his own pocket. Subscriptions to the amount of \$25 had been promised, but never paid. He thought the home debt should be liquidated before they looked after the state assessment.

Reverend Whitehead said he had subscribed at the state convention, and asked some information on the position of the party. The Ohio platform was the same as the platform of the Nationalists, and he wondered where they stood. Mr. Lutz explained that the old line Prohibitionists didn't have money enough to hold a convention, and it made little difference anyway. Then the committee was instructed to fill vacancies on the ticket, a collection was taken, and the convention was a thing of the past.

### WE WON.

The News Review Newsies Feel Very Proud of Their Victory.

The NEWS REVIEW newsies met the Crisis carriers in a ball game at West End park yesterday afternoon. The down town carriers were never in the game from the time it started, and the NEWS REVIEW boys defeated them with the greatest ease by a score of 17 to 8. The newsies play a series of games every year, and the NEWS REVIEW boys have been victorious on all occasions.

Toadix Carey, in the last six games played by Syracuse, made 5 runs, 13 hits, 63 putouts, 3 assists and 3 errors. Four of his hits were two-baggers and one a home run.

The Tombstones and the association club played an interesting game last night. In the fifth inning, with the

score standing 2 to 2, the Tombstones had a man on third base and two men out when the umpire called the game on account of darkness. The game will be played off some evening next week.

The East Liverpool pottery and Burford pottery teams are playing in Wells-ville this afternoon.

Percy Albright pitched his first game for Sistersville yesterday and won it by a score of 20 to 3, the Bridgeports securing 11 hits from his delivery.

Charles Daniels, manager of the Toronto team, is in the city today looking for ball players.

### A FINE DAM

Will be the One Near Beaver When Completed.

The masonry on the lock of the new dam at Beaver will be completed within the month, and will be the finest piece of work on the Ohio. A contract for the construction of the dam will be let this summer, but very little work will be done this year. This idleness is due to the straightened condition of the treasury. The money has been appropriated for the construction of the dams, but it is not yet available, although some work will be done this year.

### THE LANTERN IS POPULAR.

Wellsville People Walk in the Dark and Laugh at a Joke.

Since the light company have darkened the are lights in Wellsville, the people walk the streets and look for amusing incidents. Last night a number of young men walked to the lower part of the town, and dropping the lamps so that they came within reach tied a Chinese lantern to each one. Then the lamps were swung high in the air, and that part of the city took on a gala day appearance. Everybody laughed as they caught the inspiration of the joke.

### CUT THE WEEDS.

The Streets Should Look Nice When the Governor Comes.

A leading resident suggested today that the city be made to look as well as possible before Governor Bushnell comes, and that the street sweeper should make a trip through the principal thoroughfares. He also thought it would be an excellent idea to have the weeds cut. There are places in town where weeds grow high enough to make the stranger believe we are a country village instead of an enterprising city.

### OPENED THE BOXES.

The Soldier Boys Now Have Their New Uniforms.

The members of Company E have opened the boxes containing the new uniforms, and are more than pleased with what the state sent them. The regulation caps accompanied the clothes, and look much nicer than the boys expected. They are more serviceable than the old caps, and can be made to look well at all times. The clothes are also an improvement, and seem to be made out of good material.

### ABUSED THE HORSE.

A Drunken Driver Was Responsible for Indignation.

There were a number of indignant people on Washington street last evening, and if an officer of the Humane society had been in that vicinity a drunken driver would probably have been locked up. He was driving an old horse up the hill, and was kicking and otherwise abusing it in a shameful manner. The horse was too old and too thin to resent the indignities, else there would have been a runaway.

### GOING TO NORFOLK.

The Rechabites Will be Represented at the High Tent Meeting.

P. F. McCloskey, L. F. Zingley, S. C. Coleman, Miss Sadie Coleman and Mary D. Kerr, of this city; and William Stockdale, L. G. Dover and George Vaughn, of Zanesville, delegates to the high tent of the Rechabites, to be held in Norfolk, Va., will leave on the early train tomorrow for that city. Mr. McCloskey will be accompanied by his wife. The party will be absent a week or more.

### Free Silver Talk.

It is said here that W. S. Potts, in order to make good his promise to carry 11 of the 19 townships in this county for Bryan, has decided to organize a free silver club in every township. All the faithful will be gathered together and taught the doctrine, night after night, until the end of the campaign.

### Two New Houses.

A house of six rooms is being built for Mrs. Pomeroy on Pleasant street, and Mr. Shay is having a similar dwelling erected on Fourth street.

### At His Post.

Squire J. N. Rose will reopen his office about the first of September. He is now hunting a suitable room.

### THEY WATCH AMERICA

English Potters Have Their Eyes Turned Toward Us.

DEEPLY INTERESTED IN POLITICS

They Fear a Republican Victory—Business Dull, Except in Those Potteries Making Ware for Our Trade—Operatives Seem Content With Price and System.

"The English people are deeply interested in our election, and are hoping the next congress will not change the tariff law," said Robert Burford to a NEWS REVIEW man this morning. The gentleman had arrived home only a few hours before from a pleasure trip to Great Britain and the continent, and talked pleasantly on what he had seen:

"I spent some time in the potting district of England, and was very much interested. They have about 300 potteries, and when all are in operation employ a great many people. The general impression to the American, accustomed to clean cut buildings and good order at every turn, is that they are bungled in construction. There is a feeling of depression throughout the potting district, and the only place where pleasant smiles can be seen is in those potteries where they make a specialty of supplying the American trade. They manufacture an immense amount of ware for our market, and succeed in selling it in New York, and other cities on the seaboard. The export trade to other countries, however, is not very good, and a number of Staffordshire potteries have little to do. I was struck with the honest manner of the manufacturers and the courtesy with which they greet visitors from America. They always give them a royal welcome, and make their visit as pleasant as possible. They take great interest in American politics, and watch the trend of events very closely. Just now they fear that the Republican party will win the election, and the tariff laws will be changed so as to cut down their exports to America. They also watch the money question, and it is a mystery to them. They can't understand why so many Americans should go wild over the free coinage of silver, and wonder how it is all going to end. Really there is more agitation over these subjects than almost anything else they have to talk about.

"The operative potters seem content and happy. They are apparently satisfied with wages, and like the arrangement by which they are paid. You know they are paid by the score instead of by the dozen as is our custom. I found business very good in other lines of manufacture, and times seemed to be improving in England."

Mr. Burford also visited France, and spent some time in the capital. He had good weather during the whole of his trip, and enjoyed every minute of the time.

### HELD UP THE CIRCUS.

Deputy Supplee Went After the Syndicate Shows.

Lisbon, Aug. 8.—[Special.]—Deputy Walter Supplee went to Leontonia this afternoon for the purpose of levying on the property of the New Great Syndicate shows, exhibiting there today. Two actions were filed against the show company this morning by the United States Printing company, of Cincinnati. The amount of the bill is \$10,398.82.

Undertaker Kerr, of Salineville, got judgment against Mrs. Frances for \$79, the balance due on the bill for burying her late husband, and she appealed the case to common pleas today.

Mrs. Malinda Baughman, a resident of Carrollton, has filed an action for divorce in the courts of Carroll county, and the papers were served on her husband in Salineville today. She charges drunkenness for three years. The man was in jail in this county a few months ago.

### FOUR POISONED.

A Family Living on the Hill Were Very Sick.

There was excitement in the residence of a family residing not far from the Calcutta road on the hill. They had all eaten supper, and were endeavoring to find the coolest spot around the place when one member complained of being ill. In a short time another was sick, and then another, and within a few minutes all were under the weather. A doctor was called, and soon discovered that they had been poisoned. Not one was in a serious condition, and before morning all were well.

### A GARBAGE FURNACE.

Members of the Board of Health are Talking About It.

There was no meeting of the board of health last night. It was very warm,

and although a few of the faithful ones lingered about city hall until 9 o'clock a sufficient number of members to make a quorum could not be found. The most important question to have been considered at the meeting was the advisability of constructing a garbage furnace. The scheme has some friends in the board, and it is understood that a strong effort will be made to provide the city with a plant.

### POSTED NOTICES.

Tenants of the Block Wearied of Answering Questions.

For a few days past workmen have been engaged in dressing stone on Washington street, between Fourth and Fifth streets. Almost every person who passed would stop and ask for what purpose they were to be used. This became a source of annoyance to the tenants of the block, and this morning the following sign was posted on a telegraph pole: "These stones are to be used for curbing. The former or present ones were not strong enough to hold the pavement." The notice is written in large letters and when anyone fails to read it and inquires about the use of the stones, he is told to read the sign and not bother the people.

### A NEW SOCIETY.

Officers Elected by the Home Forum Benefit Order.

A lodge of the Home Forum Benefit order has been organized in the city, and the following officers were elected:

President, J. G. Cowan; vice presidents, Mrs. Elizabeth Albright and Mrs. Annie Arbuthnot; historian, W. S. Arbuthnot; treasurer, W. A. Hill; secretary, Mrs. Earnie E. Swan; orator, J. H. Moore; assistant, C. L. Taylor; porter, A. A. Bloor; guard, Daniel Webber; trustees, J. B. Welch, J. L. Swan and F. S. Albright; medical examiner, Dr. O. D. Shay.

The society was organized by Doctor Garrison, of Wheeling, and starts with a good membership.

### AN AVONDALE HOLE

Held One Hundred and Fifty Loads of Dirt.

Residents of Avondale point to an incident in connection with the improvement now in progress in that part of the city as an instance of what the street really is. Contractor Bryan found it was necessary to fill up a hole, and several wagons were pressed into service. All day the work was carried on, and when night came the hole had not been filled. This surprised the contractor, and he soon found the amount of dirt deposited in the hole, and almost dropped dead when he found it was 150 wagon loads.

### ORDERED RED FIRE

The McKinley Club Will Be a Blaze of Light Next Wednesday.

The committee having in charge arrangements for the McKinley club portion of the Bushnell reception next Wednesday evening, met last evening and completed their labors. An abundance of red fire was ordered, and an effort will be made to have each member of the organization turn out and march.

### DULL BUSINESS.

Nothing is Being Done at City Hall or in the Squires' Courts.

The absence of the legal fraternity of the city caused a decided slump in litigation, and the squires have had very little to do for several weeks. Their vacation will end on Monday, and an increase in business may be expected. There are no cases in the justice's courts or at city hall today.

### THEY WON'T TELL

The Price Paid by the Ohio Valley for the Bridgewater Business.

President C. A. Smith stated this morning that the deal whereby his company absorbs the Bridgewater Gas company was made this week, and possession will be given at once. The consideration is not given out, nor are the officials telling how long the lease is to be in force.

### GOING TO THE PICNIC.

The Grand Army Will Attend in a Body.

At the meeting of the Grand Army, held last night, it was decided that the post attend the reception to Governor Bushnell at Township Line next Wednesday. The members of the post will drive out in wagonettes, and will probably be accompanied by a quartet of singers.

### Rescued His Wagon.

J. P. Hickey succeeded in getting his wagon out of Jethro hollow yesterday, where it had been standing since the washout last week. The house occupied by the Johnson family was undermined by the flood, and has been removed to another part of the lot.

### LIBRARIAN NOT CHOSEN

The Directors Postponed it for a Week or Two.

MEMBERSHIP FEE WAS DECIDED

Tickets are Worth One Dollar a Year—A Committee Will See the Governor and Another Will Arrange for the Opening. An Official Resigned.

The directors of the public library are pushing their plans as rapidly as possible, and hope to open the rooms to the public within two weeks.

All the directors were at the meeting last evening, and were somewhat surprised when Thomas Mumford presented his resignation, but he gave a good reason, and it was accepted. Thomas Hodge was elected to fill the vacancy. J. H. Brookes and E. M. Crosser were chosen as the right men to interview Governor Bushnell and State Librarian Galbreath when they come to town next week. It is expected that the gentlemen will gain some valuable information. Messrs. Fowler, Danberg and Hanley were appointed as a committee to look after the opening. They were instructed to make it an informal affair, and have it take place within two weeks. It is the purpose of the directors to have an open meeting early in the fall, when a musical and literary program will be carried out, and the library dedicated in the right way. The directors were instructed to sell membership tickets at a dollar each. The money to be derived from this source will be used in paying the operating expenses of the institution. Although the election of a librarian was scheduled for the meeting, it was postponed until the next session. The secretary was instructed to purchase the necessary magazines, journals and papers for the library, and the session ended.

### PLACING INSURANCE.

The Water Works Trustees Made Public Property Safe.

The water works trustees met last evening with a full attendance. All the bills due from the month of July were ordered paid, and the subject of insurance came up. The question was discussed for some time, and the clerk was ordered to place \$12,000 insurance on the lower pump house and \$7,500 on the upper one. This was the only business before the board, and they adjourned.

### FELL OFF A WAGON.

A Small Boy Was Run Over and Badly Hurt.

A number of small boys were riding on the dray of St. Burlingame when one fell off, and was stunned. The boy could not roll out of the way in time to escape the wheel of the wagon, and it ran over him. The boy was hurt, and being unable to walk was taken home. The accident happened on Broadway near the fire station.

### A Novel Way of Ferrying.

The bridge employes have a novel way of ferrying flatboats across the river. A line is stretched from shore to shore and is worked by the hoisting engine. The boats attached to the rope are quickly taken across when the engine is started.

### Not Expected to Live.

Mrs. Hilda Wright, whose illness has been noted in these columns, is very low at her home in Gardendale with an attack of typhoid fever, and is not expected to live until tomorrow.

### PERSONAL MENTION.

—Enoch Bonine, of Wheeling, is in the city.

—Martin Brozka is visiting friends in Cleveland.

—M. M. Huston is visiting in Cleveland today.

—William Haught is visiting friends in Carroll county.

—Harry Green and wife will spend Sunday in Cleveland.

—Miss Mand Wells went to Canton this morning to visit relatives.

—W. H. Deidrick returned home last night, after a brief visit in Philadelphia.

—Martin Mears arrived home yesterday, after a visit of 10 days in Atlantic City.

—F. J. Iden returned home today, after spending a week with friends in Alliance.

—Reverend Reinartz went to Rochester today, and will preach at that place tomorrow.

—Mrs. F. F. Debolt returned to her home in Allegheny today, after spending four weeks at the home of her parents in this city.

silver club in every township. All the  
faithful will be gathered together and  
taught the doctrine, night after night,  
until the end of the campaign.

### Two New Houses.

A house of six rooms is being built  
for Mrs. Pomeroy on Pleasant street,  
and Mr. Shay is having a similar dwell-  
ing erected on Fourth street.

### At His Post.

Squire J. N. Rose will reopen his of-  
fice about the first of September. He is  
now hunting a suitable room.

### THEY WATCH AMERICA

English Potters Have Their  
Eyes Turned Toward Us.

DEEPLY INTERESTED IN POLITICS

They Fear a Republican Victory—Business  
Dull, Except in Those Potteries Making  
Ware For Our Trade—Operatives Seem  
Content With Price and System.

"The English people are deeply inter-  
ested in our election, and are hoping the  
next congress will not change the tariff  
law," said Robert Burford to a NEWS  
REVIEW man this morning. The gentle-  
man had arrived home only a few hours  
before from a pleasure trip to Great  
Britain and the continent, and talked  
pleasantly on what he had seen:

"I spent some time in the potting dis-  
trict of England, and was very much  
interested. They have about 300 potter-  
ies, and when all are in operation em-  
ploy a great many people. The gen-  
eral impression to the American, accus-  
tomed to clean cut buildings and good  
order at every turn, is that they are  
bungled in construction. There is a  
feeling of depression throughout the pot-  
ting district, and the only place where  
pleasant smiles can be seen is in those  
potteries where they make a specialty of  
supplying the American trade. They  
manufacture an immense amount of  
ware for our market, and succeed in sell-  
ing it in New York, and other cities on  
the seaboard. The export trade to other  
countries, however, is not very good,  
and a number of Staffordshire potteries  
have little to do. I was struck with the  
honest manner of the manufacturers  
and the courtesy with which they greet  
visitors from America. They always  
give them a royal welcome, and make  
their visit as pleasant as possible. They  
take great interest in American politics,  
and watch the trend of events very  
closely. Just now they fear that the Re-  
publican party will win the election, and  
the tariff laws will be changed so as to  
cut down their exports to America.

They also watch the money question,  
and it is a mystery to them. They can't  
understand why so many Americans  
should go wild over the free coinage of  
silver, and wonder how it is all going to  
end. Really there is more agitation over  
these subjects than almost anything else  
they have to talk about.

"The operative potters seem content  
and happy. They are apparently sat-  
isfied with wages, and like the arrange-  
ment by which they are paid. You  
know they are paid by the score instead  
of by the dozen as is our custom. I  
found business very good in other lines  
of manufacture, and times seemed to be  
improving in England."

Mr. Burford also visited France, and  
spent some time in the capital. He had  
good weather during the whole of his  
trip, and enjoyed every minute of the  
time.

### HELD UP THE CIRCUS.

Deputy Supplee Went After the Syndicate  
Shows.

LISBON, Aug. 8.—[Special.]—Deputy  
Walter Supplee went to Lectonia this  
afternoon for the purpose of levying on  
the property of the New Great Syndi-  
cate shows, exhibiting there today. Two  
actions were filed against the show com-  
pany this morning by the United States  
Printing company, of Cincinnati. The  
amount of the bill is \$10,398.82.

Undertaker Kerr, of Salineville, got  
judgment against Mrs. Frances for \$79,  
the balance due on the bill for burying  
her late husband, and she appealed the  
case to common pleas today.

Mrs. Malinda Baughman, a resident  
of Carrollton, has filed an action for di-  
vorce in the courts of Carroll county,  
and the papers were served on her hus-  
band in Salineville today. She charges  
drunkenness for three years. The man  
was in jail in this county a few months  
ago.

### FOUR POISONED.

A Family Living on the Hill Were Very  
Sick.

There was excitement in the residence  
of a family residing not far from the  
Calcutta road on the hill. They had all  
eaten supper, and were endeavoring to  
find the coolest spot around the place  
when one member complained of being  
ill. In a short time another was sick,  
and then another, and within a few  
minutes all were under the weather. A  
doctor was called, and soon discovered  
that they had been poisoned. Not one  
was in a serious condition, and before  
morning all were well.

### A GARBAGE FURNACE.

Members of the Board of Health are Talk-  
ing About It.

There was no meeting of the board of  
health last night. It was very warm,

and although a few of the faithful ones  
lingered about city hall until 9 o'clock a  
sufficient number of members to make a  
quorum could not be found. The most  
important question to have been  
considered at the meeting was the ad-  
visability of constructing a garbage  
furnace. The scheme has some friends  
in the board, and it is understood that a  
strong effort will be made to provide the  
city with a plant.

### POSTED NOTICES.

Tenants of the Block Weighed of Answer-  
ing Questions.

For a few days past workmen have  
been engaged in dressing stone on Wash-  
ington street, between Fourth and Fifth  
streets. Almost every person who passed  
would stop and ask for what purpose  
they were to be used. This became a  
source of annoyance to the tenants of  
the block, and this morning the follow-  
ing sign was posted on a telegraph pole:  
"These stones are to be used for curbing.  
The former or present ones were not  
strong enough to hold the pavement." The  
notice is written in large letters  
and when anyone fails to read it and  
inquires about the use of the stones, he  
is told to read the sign and not bother  
the people.

### A NEW SOCIETY.

Officers Elected by the Home Forum Bene-  
fit Order.

A lodge of the Home Forum Benefit  
order has been organized in the city, and  
the following officers were elected:

President, J. G. Cowan; vice presi-  
dents, Mrs. Elizabeth Albright and Mrs.  
Annie Arbuthnot; historian, W. S.  
Arbuthnot; treasurer, W. A. Hill; sec-  
retary, Mrs. Earnie E. Swan; orator, J.  
H. Moore; assistant, C. L. Taylor, por-  
ter, A. A. Bloor; guard, Daniel Webber;  
trustees, J. B. Welch, J. L. Swan and  
F. S. Albright; medical examiner, Dr.  
O. D. Shay.

The society was organized by Doctor  
Garrison, of Wheeling, and starts with  
a good membership.

### AN AVONDALE HOLE

Held One Hundred and Fifty Loads of  
Dirt.

Residents of Avondale point to an in-  
cident in connection with the improve-  
ment now in progress in that part of the  
city as an instance of what the street  
really is. Contractor Bryan found it  
was necessary to fill up a hole, and sev-  
eral wagons were pressed into service.  
All day the work was carried on, and  
when night came the hole had not been  
filled. This surprised the contractor,  
and he soon found the amount of dirt  
deposited in the hole, and almost  
dropped dead when he found it was 150  
wagon loads.

### ORDERED RED FIRE

The McKinley Club Will Be a Blaze of  
Light Next Wednesday.

The committee having in charge ar-  
rangements for the McKinley club por-  
tion of the Bushnell reception next Wed-  
nesday evening, met last evening and  
completed their labors. An abundance  
of red fire was ordered, and an effort  
will be made to have each member of the or-  
ganization turn out and march.

### DULL BUSINESS.

Nothing is Being Done at City Hall or in  
the Squires' Courts.

The absence of the legal fraternity  
of the city caused a decided slump in  
litigation, and the squires have had  
very little to do for several weeks. Their  
vacation will end on Monday, and an  
increase in business may be expected.  
There are no cases in the justice's courts  
or at city hall today.

### THEY WON'T TELL

The Price Paid by the Ohio Valley for the  
Bridgewater Business.

President C. A. Smith stated this  
morning that the deal whereby his com-  
pany absorbs the Bridgewater Gas com-  
pany was made this week, and posses-  
sion will be given at once. The consid-  
eration is not given out, nor are the of-  
ficials telling how long the lease is to be  
in force.

### GOING TO THE PICNIC.

The Grand Army Will Attend in a  
Body.

At the meeting of the Grand Army,  
held last night, it was decided that the  
post attend the reception to Governor  
Bushnell at Township Line next  
Wednesday. The members of the post  
will drive out in wagonettes, and will  
probably be accompanied by a quartet of  
singers.

### Rescued His Wagon.

J. P. Hickey succeeded in getting his  
wagon out of Jethro hollow yesterday,  
where it had been standing since the  
washout last week. The house occu-  
pied by the Johnson family was under-  
mined by the flood, and has been removed  
to another part of the lot.

### LIBRARIAN NOT CHOSEN

The Directors Postponed it for  
a Week or Two.

MEMBERSHIP FEE WAS DECIDED

Tickets are Worth One Dollar a Year—A  
Committee Will See the Governor and  
Another Will Arrange for the Opening.  
An Official Resigned.

The directors of the public library are  
pushing their plans as rapidly as possi-  
ble, and hope to open the rooms to the  
public within two weeks.

All the directors were at the meeting  
last evening, and were somewhat sur-  
prised when Thomas Mumford pre-  
sented his resignation, but he gave a  
good reason, and it was accepted. Thomas  
Hodge was elected to fill the vacan-  
cy. J. H. Brookes and E. M. Crosser  
were chosen as the right men to inter-  
view Governor Bushnell and State Li-  
brarian Galbreath when they come to  
town next week. It is expected that the  
gentlemen will gain some valuable in-  
formation. Messrs. Fowler, Danberg  
and Hanley were appointed as a com-  
mittee to look after the opening. They  
were instructed to make it an informal  
affair, and have it take place within two  
weeks. It is the purpose of the directors  
to have an open meeting early in the  
fall, when a musical and literary pro-  
gram will be carried out, and the library  
dedicated in the right way. The direc-  
tors were instructed to sell membership  
tickets at a dollar each. The money to be  
derived from this source will be used  
in paying the operating expenses of the  
institution. Although the election of a  
librarian was scheduled for the meeting,  
it was postponed until the next session.  
The secretary was instructed to purchase  
the necessary magazines, journals and  
papers for the library, and the session  
ended.

### PLACING INSURANCE.

The Water Works Trustees Make Public  
Property Safe.

The water works trustees met last  
evening with a full attendance. All the  
bills due from the month of July were  
ordered paid, and the subject of insur-  
ance came up. The question was dis-  
cussed for some time, and the clerk was  
ordered to place \$12,000 insurance on  
the lower pump house and \$7,500 on the  
upper one. This was the only business  
before the board, and they adjourned.

### FELL OFF A WAGON.

A Small Boy Was Run Over and Badly  
Hurt.

A number of small boys were riding  
on the dray of Si Burlingame when one  
fell off, and was stunned. The boy  
could not roll out of the way in time to  
escape the wheel of the wagon, and it  
ran over him. The boy was hurt, and  
being unable to walk was taken home.  
The accident happened on Broadway  
near the fire station.

### A Novel Way of Ferrying.

The bridge employes have a novel  
way of ferrying flatboats across the  
river. A line is stretched from shore to  
shore and is worked by the hoisting en-  
gine. The boats attached to the  
rope are quickly taken across when the  
engine is started.

### Not Expected to Live.

Mrs. Hilda Wright, whose illness has  
been noted in these columns, is very low  
at her home in Gardendale with an at-  
tack of typhoid fever, and is not ex-  
pected to live until tomorrow.

### PERSONAL MENTION.

WILLIAM C. WHITNEY concedes New York to McKinley by 200,000, and Mr. Whitney's political opinion is of some value these days.

THE brand of truth used by the Democratic leaders is elastic and easily stretched. They claim every state west of the Mississippi for Bryan, yet 25 Democratic newspapers in Iowa alone have declared against him.

A GOLD dollar is worth 100 cents in bullion, but a silver dollar is only worth 53 cents when counted as bar metal, but the Democrats would have them equal in value when used as money, the government to make up the difference.

A PARTY OF PROMISES.

While a campaign is in progress and immediately after a victory the Democratic leaders are filled to the brim with promises. They bubble over at every opportunity, and promise from one week's end to another. They are always promising, always telling the people what they shall have when Democracy is in power.

Four years ago they promised. When commercial conditions were such as to allow great prosperity, and every workman had a place if he wanted to work, the oracles of Democracy began to promise. Every man should get rich in a hurry if their stuffed prophet was elected, and the poor people who were then being "ground down under the iron heel of oppression" should have their liberty. The land would flow with milk and honey, and a few hours of labor would suffice to support in luxury all who desired it. Those were glowing promises, and the people believed what was said. What became of those promises is well known. Poverty took the place of prosperity, and thousands who had never known anything but comfortable circumstances felt the pangs of hunger.

Now the Democrats are promising again. Finding that the old game is worn out they have taken up another. It is a pretty story they tell, and this nation would be a heavenly place if their promises were fulfilled, but they will not. Democracy can never through the free coinage of silver bring about the condition as they represent it. Their promises will come to naught. The country will have another period of poverty. They will, if victorious, only prove that once more they have promised, and broken their word.

# DUN'S TRADE REVIEW.

Chicago Failure Tightened Up the Money Market.

LABOR IS MUCH DISTURBED.

Exports of Merchandise Have Increased and Imports Decreased—Movement of Wheat Again Large—Iron Markets Less Demoralized—Failures For the Week.

NEW YORK, Aug. 8.—R. G. Dun & Co.'s weekly Review of Trade, issued today, says: The sensational collapse of speculators at Chicago who controlled Diamond Match and New York Biscuit stocks and had hoisted them to fancy prices, with the consequent closing of the Chicago Stock Exchange for a period yet indefinite, though followed by remarkably few failures, brings a sudden change in monetary conditions throughout the country. At least a month earlier than had been expected Chicago has drawn heavily upon Illinois bank balance here, and withdrawals of other western funds may naturally result.

Europeans were also moved to sell American stocks rather freely, so that the average of 60 most active railroad stocks fell about \$2.18 per share and the average of trust stocks about \$1.88. The instant co-operation of money interests with Chicago to restrict disturbance deserved praise and did much good, but it is not possible to avoid some shock to public confidence, and a quick tightening of eastern money markets, which already shuts off commercial loans almost entirely. The collapse also increased the caution of bankers and other lenders regarding loans on securities of a similar character.

It is important that the increase of merchandise exports, \$506,000 or 12 per cent over last year for the week, and the decrease of imports, \$700,000 or 7.7 per cent, still continues to limit the sum payable abroad. In five weeks the increase of exports has been \$4,800,000, or 16 per cent, and the decrease of imports \$9,200,000, or 18 per cent, which helps to balance accounts. The movement of wheat is again large, Atlantic exports being 1,761,033 bushels for the week, and since July 1, 8,858,704 bushels, against 4,728,819 last year. Conflicting crop reports are as numerous and noisy as ever, but the more reliable mark up winter wheat to 300,000,000 bushels, and the movement tends to such estimates, for since July 1 western receipts have been 17,635,332 bushels, against 9,350,000 last year. It is not yet known whether with prices 10 cents lower than a year ago farmers have marketed from a smaller crop 90 per cent more wheat. Corn is also moving rapidly, with western receipts of 4,873,091 bushels, against 1,661,074 last year.

Labor is more disturbed than usual. The great strike of the garment workers here has much extended; the strike at Cleveland has broken out again and involves several other branches of labor; the iron furnace men of the Shenango valley resist a reduction of wages; May, 1895, though Mahoning valley workers do not, the iron works throughout the country are striving to cut down cost in order to keep in operation; the iron mines of the Gogebic range are stopping; the suspension of cotton mills has become more general, and over 4,000,000 spindles are said to be idle at Fall River alone, and probably three-eighths or more of the entire producing capacity of the country; the rubber works have mostly stopped, and notwithstanding the lightweight opening a number of woolen mills also. Evidently both the working force and their wages have been reduced.

The iron markets grow less demoralized in tone because all the associations decided to maintain prices for the month, but the markets are not stronger in volume of orders or purchases. Pressure to sell, even at concessions, is the prevailing rule, and prices are almost nominal.

Minor metals are generally weak, but prices of coke and coal are held without variation.

Outbreak of production in cottons does not bring a stronger market, and a few quotations are reduced. Sales of lightweight woolsens are disappointing and mainly for cheap grades, and in some cases prices are again reduced. Sales of wool for the week were 2,726,000 pounds, against 6,259,300 last year and 9,271,700 in 1892.

Failures for the week have been 246 in the United States, against 225 last year, and 33 in Canada, against 43 last year.

## A BANQUET TO LI.

The Famous Chinamen Still Being Entertained in England.

LONDON, Aug. 8.—Li Hung Chang continues to be the center of marked attention from commercial and social circles and the government is apparently making every effort to do honor to the nations guest.

The famous Chinaman was the guest of the China association at a banquet at the Hotel Metropole. Li made his appearance at the banquet in a yellow jacket and peacock feather, and the emperor's favor which was stripped from him at the time of the early reverses of the Chinese-Japanese war, but were afterwards restored. The skirt of his dress was blue and he wore the ribbon and star of the Victorian order.

Hon. George N. Curzon, parliamentary secretary of foreign office, Sir Henry Brougham Loch and Admiral Tracey were among those present at the banquet.

## A CAMPAIGN FABRICATION.

So Jones Says of His Alleged Quarrel With Altgeld.

CHICAGO, Aug. 8.—A local paper publishes a lengthy story of a fight between Governor Altgeld and Chairman Jones of the Democratic national committee. The alleged trouble is said to result from the governor's expressed belief that Senator Jones has not shown sufficient "energy in the handling of the campaign."

A Washington special says: When shown the above dispatch Senator Jones said: "The story is simply a campaign fabrication."

# DEMOCRAT CENTRAL COMMITTEE.

A Meeting Called to Be Held in Columbus, Aug. 11.

COLUMBUS, Aug. 8.—W. W. Durbin, chairman of the Democratic state central committee, has issued from Kenton a call for a meeting of the committee at Columbus, Aug. 11. At this meeting an executive committee and a campaign chairman will be selected. The only name suggested so far is that of Dr. James A. Norton of Tiffin, who has been nominated for congress in the Thirtieth district.

The committee will also have to consider the vacancy in the state ticket caused by the death of Patrick McKeown, nominee for dairy and food commissioner. It is believed, though that this vacancy will be left for the Populists, providing the fusion plan succeeds at the Populist state convention, at Springfield Aug. 22.

Coroner Found Decker Guilty.

FINDLAY, O., Aug. 8.—Coroner Wilson has completed the inquest on the killing of George Miles, holding that he was deliberately murdered by Amos Decker. Decker is to be brought from Kenton this morning for preliminary examination.

## HAPPENED IN THIS STATE.

J. W. Truxall has been appointed postmaster at Randolph.

The assets and liabilities of the Columbus Buggy company are about \$500,000 each.

Cummins Butterfield of Cincinnati, has resigned his clerkship in the Columbus pension office.

Governor Bushnell left the canal commission at Akron after journeying from Cleveland by canalboat.

The state chairman of the Populist state committee will call the state convention to meet at Springfield, Aug. 20 and 27.

Theodore Exline, aged 21, was removing pillars in the Jackson county mine when he was caught by a fall of slate and killed.

William Bard, a miner at Monroe furnace, near Portsmouth, was fatally injured by the premature explosion of a dynamite blast.

Lucius Sullivan, a freight brakeman, had his skull fractured by a B. & O. passenger train at Zanesville in the yards of that company and will die.

The colored people of Dayton, as represented by their social societies and churches, are making elaborate preparations for Emancipation Day celebration.

The 14-year-old son of Henry F. Walter, 1925 Western avenue, Cincinnati, is missing. The boy has light hair, blue eyes, wears a blue suit of clothes and a black stiff hat.

Mrs. Edward Lichter has appealed to the Dayton police department to assist her in ascertaining the whereabouts of her husband, who has been absent from home for several days.

The Dayton fire commissioners gave the firemen of the western enginehouse a general shaking up. Three men were dismissed from the department and three were suspended for 60 days.

On Sept. 17 the annual reunion of the old Thirtieth Ohio regiment will be held in Middletown. Three hundred members of the famous old regiment still survive, a majority of whom will attend the reunion.

Charles Warwick, a well-known farmer living near Hamilton scratched his hand on a nail, blood poisoning set in and his arm began to swell from the hand to his shoulder. His condition is considered serious.

A call was issued for a meeting of the stockholders of the Columbus, Toledo and Hocking railroad, to meet Sept. 8, to vote up on a proposed issue of \$300,000, 4 per cent gold bonds to refund outstanding bonds and for additional capital.

Representatives of the Lake Shore, Pennsylvania, Erie, Port E. & O. C. H. & D. and Ohio Central railroads gave what they thought good reasons to the state board of equalization why the appraisal of their rolling stock should be lowered.

In anticipation of the early completion of the garbage crematory, the Dayton board of city affairs is contemplating the purchase of 10 or 12 wagons of steel and iron and so constructed as to make them as near odorless as possible.

The Lutherans of the Miami valley held their second annual rally at the Soldiers' home, Dayton, about 1,500 members of the churches in Southwestern Ohio participated. The program included a number of addresses by prominent professors of various Lutheran colleges.

W. W. Place, ex-auditor of Putnam county, was arrested charged with embezzlement. Mr. Place was guardian of some heirs several years ago, but it is alleged, never made a settlement. Last year he served a sentence in the penitentiary, having been implicated in the theft of \$40,000 from the county.

## Atlantic City Wreck Verdict.

ATLANTIC CITY, Aug. 8.—The coroner's jury investigating the wrecking of an excursion train near here on July 30, in which many lives were lost, has returned a verdict which holds that Edward Farr of the express train, who was killed, failed to have his engine under proper control, that Towerman George F. Hauser used bad judgment and that Engineer John Grainer of the excursion train erred.

## Western Railroads Exposed.

CHICAGO, Aug. 8.—The expected explosion before the interstate commerce commission has taken place and the blow is blown off the railroad pool, uncovering an unlawful combination. The prosecution is now confident that the investigation will end in the imposition of some large sized fines against most of the western roads. President A. B. Stickney of the Chicago and Great Western railroad exposed it.

## Killed in a Fire.

KANSAS CITY, Aug. 8.—Night Watchman Holblowitz was killed outright, two others fatally injured and five others sustained more or less serious injuries in a fire at Swift's packing plant. The property loss is nearly \$100,000.

## Four Tramps Killed.

MARENGO, Ill., Aug. 8.—A freight train has run off the track near here on the Des Moines railroad and a number of cars were badly wrecked besides some other damage. Four tramps who were stealing rice were killed.

The Governor of North Carolina said to the Governor of South Carolina

WILLIAM C. WHITNEY concedes New York to McKinley by 200,000, and Mr. Whitney's political opinion is of some value these days.

The brand of truth used by the Democratic leaders is elastic and easily stretched. They claim every state west of the Mississippi for Bryan, yet 25 Democratic newspapers in Iowa alone have declared against him.

A gold dollar is worth 100 cents in bullion, but a silver dollar is only worth 53 cents when counted as bar metal, but the Democrats would have them equal in value when used as money, the government to make up the difference.

**A PARTY OF PROMISES.**  
While a campaign is in progress and immediately after a victory the Democratic leaders are filled to the brim with promises. They bubble over at every opportunity, and promise from one week's end to another. They are always promising, always telling the people what they shall have when Democracy is in power.

Four years ago they promised. When commercial conditions were such as to allow great prosperity, and every workman had a place if he wanted to work, the oracles of Democracy began to promise. Every man should get rich in a hurry if their stuffed prophet were elected, and the poor people who were then being "ground down under the iron heel of oppression" should have their liberty. The land would flow with milk and honey, and a few hours of labor would suffice to support in luxury all who desired it. Those were glowing promises, and the people believed what was said. What became of those promises is well known. Poverty took the place of prosperity, and thousands who had never known anything but comfortable circumstances felt the pangs of hunger.

Now the Democrats are promising again. Finding that the old game is worn out they have taken up another. It is a pretty story they tell, and this nation would be a heavenly place if their promises were fulfilled, but they will not. Democracy can never through the free coinage of silver bring about the condition as they represent it. Their promises will come to nought. The country will have another period of poverty. They will, if victorious, only prove that once more they have promised, and broken their word.

# DUN'S TRADE REVIEW.

Chicago Failure Tightened Up the Money Market.

**LABOR IS MUCH DISTURBED.**  
**Exports of Merchandise Have Increased and Imports Decreased—Movement of Wheat Again Large—Iron Markets Less Demoralized—Failures For the Week.**

NEW YORK, Aug. 8.—R. G. Dunn & Co.'s weekly Review of Trade, issued today, says: The sensational collapse of speculators at Chicago who controlled Diamond Match and New York Biscuit stocks and had hoisted them to fancy prices, with the consequent closing of the Chicago Stock Exchange for a period yet indefinite, though followed by remarkably few failures, brings a sudden change in monetary conditions throughout the country. A least a month earlier than had been expected Chicago has drawn heavily upon Illinois bank balance here, and withdrawals of other western funds may naturally result.

Europeans were also moved to sell American stocks rather freely, so that the average of 60 most active railroad stocks fell about \$2.18 per share and the average of trust stocks about \$1.88. The instant co-operation of money interests with Chicago to restrict disturbance deserved praise and did much good, but it is not possible to avoid some shock to public confidence, and a quick tightening of eastern money markets, which already shuts off commercial loans almost entirely. The collapse also increased the caution of bankers and other lenders regarding loans on securities of a similar character.

It is important that the increase of merchandise exports, \$800,000 or 12 per cent over last year for the week, and the decrease of imports, \$700,000 or 7.7 per cent, still continues to limit the sum payable abroad. In five weeks the increase of exports has been \$4,800,000, or 16 per cent, and the decrease of imports \$3,900,000, or 18 per cent, which helps to balance accounts. The movement of wheat is again large, Atlantic exports being 1,761,633 bushels for the week, flour included, against 753,330 last year, and since July 1, 8,858,704 bushels, against 4,728,819 last year. Conflicting crop reports are as numerous and noisy as ever, but the more reliable mark up winter wheat to 300,000,000 bushels, and the movement tends to such estimates, for since July 1 western receipts have been 17,623,332 bushels, against 9,320,020 last year. It is not easy to believe that with prices 10 cents lower than a year ago farmers have marketed from a smaller crop 90 per cent more wheat. Corn is also moving rapidly, with western receipts of 4,873,091 bushels, against 1,661,074 last year.

Labor is more disturbed than usual. The great strike of the garment workers here has much extended; the strike at Cleveland has broken out again and involves several other branches of labor; the iron furnace men of the Shenango valley resist a reduction of wages; May, 1895, though Mahoning valley workers do not, the iron works throughout the country are striving to cut down cost in order to keep in operation; the iron mines of the Gogebic range are stopping; the suspension of cotton mills has become more general, and over 4,000,000 spindles are said to be idle at Fall River alone, and probably three-eighths or more of the entire producing capacity of the country; the rubber works have mostly stopped, and notwithstanding the lightweight opening a number of woolen mills also. Evidently both the working force and their wages have been reduced.

The iron markets grow less demoralized in tone because all the associations decided to maintain prices for the month, but the markets are not stronger in volume of orders or purchases. Pressure to sell, even at concessions, is the prevailing rule, and prices are almost nominal.

Minor metals are generally weak, but prices of coke and coal are held without variation. Curtailment of production in cottons does not bring a stronger market, and a few quotations are reduced. Sales of lightweight woolsens are disappointing and mainly for cheap grades, and in some cases prices are again reduced. Sales of wool for the week were 2,726,000 pounds, against 6,259,300 last year and 9,271,700 in 1892.

Failures for the week have been 24 in the United States, against 235 last year, and 33 in Canada, against 43 last year.

## A BANQUET TO LI.

The Famous Chinamen Still Being Entertained in England.

LONDON, Aug. 8.—Li Hung Chang continues to be the center of marked attention from commercial and social circles and the government is apparently making every effort to do honor to the nations guest.

The famous Chinaman was the guest of the China association at a banquet at the Hotel Metropole. Li made his appearance at the banqueting board in his yellow jacket and peacock feather, the well known emblems of his rank and of the emperor's favor which were stripped from him at the time of the early reverses of the Chinese-Japanese war, but were afterwards restored.

The skirt of his dress was blue and he wore the riband and star of the Victorian order.

Hon. George N. Curzon, parliamentary secretary of foreign office, Sir Henry Brougham Loch and Admiral Tracey were among those present at the banquet.

## A CAMPAIGN FABRICATION.

So Jones Says of His Alleged Quarrel With Altgeld.

CHICAGO, Aug. 8.—A local paper publishes a lengthy story of a fight between Governor Altgeld and Chairman Jones of the Democratic national committee. The alleged trouble is said to result from the governor's expressed belief that Senator Jones has not shown sufficient energy in the handling of the campaign.

# DEMOCRAT CENTRAL COMMITTEE.

A Meeting Called to Be Held in Columbus, Aug. 11.

COLUMBUS, Aug. 8.—W. W. Durbin, chairman of the Democratic state central committee, has issued from Kenton a call for a meeting of the committee at Columbus, Aug. 11. At this meeting an executive committee and a campaign chairman will be selected. The only name suggested so far is that of Dr. James A. Norton of Tiffin, who has been nominated for congress in the Thirtieth district.

The committee will also have to consider the vacancy in the state ticket caused by the death of Patrick McKeown, nominee for dairy and food commissioner. It is believed, though, that this vacancy will be left for the Populists, providing the fusion plan succeeds at the Populist state convention, at Springfield Aug. 23.

## HAPPENED IN THIS STATE.

J. W. Truxall has been appointed postmaster at Randolph.

The assets and liabilities of the Columbus Buggy company are about \$900,000 each.

Cummins Butterfield of Cincinnati, has resigned his clerkship in the Columbus pension office.

Governor Bushnell left the canal commission at Akron after journeying from Cleveland by canalboat.

The state chairman of the Populist state committee will call the state convention to meet at Springfield, Aug. 26 and 27.

Theodore Exline, aged 21, was removing pillars in the Jackson county mine when he was caught by a fall of slate and killed.

William Bard, a miner at Monroe furnace, near Portsmouth, was fatally injured by the premature explosion of a dynamite blast.

Lucius Sullivan, a freight brakeman, had his skull fractured by a B. & O. passenger train at Zanesville in the yards of that company and will die.

The colored people of Dayton, as represented by their several societies and churches, are making elaborate preparations for Emancipation Day celebration.

The 14-year-old son of Henry F. Walter, 1925 Western avenue, Cincinnati, is missing. The boy has light hair, blue eyes, wears a blue suit of clothes and a black stiff hat.

Mrs. Edward Lichter has appealed to the Dayton police department to assist her in ascertaining the whereabouts of her husband, who has been absent from home for several days.

The Dayton fire commissioners gave the firemen of the western enginehouse a general shaking up. Three men were dismissed from the department and three were suspended for 60 days.

On Sept. 12 the annual reunion of the old Thirty-fifth Ohio regiment will be held in Middletown. Three hundred members of the famous old regiment still survive, a majority of whom will attend the reunion.

Charles Warwick, a well-known farmer living near Hamilton scratched his hand on a nail, blood poisoning set in and his arm began to swell from the hand to his shoulder. His condition is considered serious.

A call was issued for a meeting of the stockholders of the Columbus, Toledo and Hocking railroad, to meet Sept. 8, to vote up on a proposed issue of \$30,000,000 4 per cent gold bonds to refund outstanding bonds and for additional capital.

Representatives of the Lake Shore, Pennsylvania, Big Four, B. & O. C. H. & D. and Ohio Central railroads gave what they thought good reasons to the state board of equalization why the apportionment of their rolling stock should be lowered.

In anticipation of the early completion of the garbage crematory, the Dayton board of city affairs is contemplating the purchase of 10 or 12 wagons of steel and iron and so constructed as to make them as near odorless as possible.

The Lutherans of the Miami valley held their second annual rally at the Soldiers' home Dayton. About 1,000 members of the churches in Southwestern Ohio participated. The program included a number of addresses by prominent professors of various Lutheran colleges.

W. W. Place, ex-auditor of Putnam county, was arrested charged with embezzlement. Mr. Place was guardian of some heirs several years ago, but it is alleged, never made a settlement. Last year he served a sentence in the penitentiary, having been implicated in the theft of \$40,000 from the county.

**Atlantic City Wreck Verdict.**  
ATLANTIC CITY, Aug. 8.—The coroner's jury investigating the wrecking of an excursion train near here on July 30, in which many lives were lost, has returned a verdict which holds that Edward Farr of the express train, who was killed, failed to have his engine under proper control, that Towerman George F. Hauser used bad judgment and that Engineer John Grainer of the excursion train erred.

**Western Railroads Exposed.**  
CHICAGO, Aug. 8.—The expected explosion before the interstate commerce commission has taken place and the top was blown off the railroad pool, uncovering an unlawful combination. The prosecution is now confident that the investigation will end in the imposition of some large sized fines against most of the western roads. President A. B. Stickney of the Chicago and Great Western railroad exposed it.

**Killed in a Fire.**  
KANSAS CITY, Aug. 8.—Night Watchman Hoblowitz was killed outright, two others sustained more or less serious injuries in a fire at Swift's packing plant. The property loss is nearly \$100,000.

**Four Tramps Killed.**  
MARENGO, Ill., Aug. 8.—A freight train ran over the track near here on the Des Moines railroad and a number of cars were badly wrecked besides some other damage. Four tramps who were stealing rails were killed.

The Governor of North Carolina said to the Governor of South Carolina

### LOCAL BREVITIES.

Doctor Hobbs has purchased a fine driving horse.

If you read the News Review you will always know the news.

Henry Tasker and family are moving to the city from New Cumberland.

Thirty-seven people took advantage of the low rates and went to Cleveland this morning.

The wiring of the ice plant has been finished, and the light will be turned on this evening.

Will Timmons has entered his trotting horse, Major T., in the green trot at Hookstown.

A number of young people of this place attended a picnic at Cunningham's grove yesterday.

Miss Lulu Hanley is in charge of the postoffice in East End during the absence of Postmaster Baird.

The Labor Day committee and the committee from the Musical union will meet Monday evening.

A large number of bicyclists will attend the Salem races. If the roads dry up the trip will be made overland.

The meeting of claims committee to have been held last night was postponed, owing to one member being absent.

The West End camping club broke camp yesterday, after spending two weeks on the banks of Yellow Creek.

Reuben Austin and Agent T. J. Thomas, of the freight depot, will ride to Irondale on their wheels tomorrow.

A horse owned by Samuel Walters ran away while being driven in the country yesterday afternoon, and demolished the buggy.

An attempt was made to force an entrance into Rayl's livery stable on Union street at an early hour this morning, but the individual was frightened away.

The river has again reached its customary stage, and is still falling slowly. The Virginia and Lorena are due down this evening. There are no boats up today.

George C. Murphy entered suit in Squire Morley's court this morning against Joe Koege for \$16.75. The case is set for trial Monday, Aug. 17, at 8 o'clock.

The program committee for the Labor Day celebration met last night, and made great progress in their work, but it will take another meeting before it is finally completed.

An open meeting was held by the Rechabites last evening in honor of the visiting delegates from Zanesville. Another meeting of the same kind will be held this evening.

The Sunday school classes of Miss Pearl Searight, Mrs. Frank White and Mrs. Will Anderson, of the Second U. P. church, enjoyed yesterday in the woods near East End.

Revival services will be commenced in Chester school house next Monday evening, and will continue for some time. Rev. C. W. Huffer will probably conduct the meetings.

W. S. Weeden, the soloist who lead the singing at the Schiverera meetings in the city last winter, has joined the Franz Wilczek Concert company, and will travel with them the coming season.

A drunken woman passed through the city on a street car last evening, and when near the power house fell asleep. A companion had great difficulty in awakening her when they reached their destination.

A local paper told its readers last evening that the place for holding the Labor Day picnic had not been decided upon, when it was generally known that the committee had reached a conclusion on Thursday night.

The lot of the tramp is a hard one in Wellsville. If the railroad men get him he is locked up and expected to work out a fine on the streets. If he escapes the police telegraph to other towns, and have him sent up as a vagrant.

Motormen on the street railway are after the combined scalp of the expressmen whose horses are always on the track. It frequently happens that the motorman must stop his car, and lead the horses out of danger's way.

A committee from the Shoemakers' union called on the Wellsville shoemakers Thursday, but met with little satisfaction. They promised, if possible, to visit the union some evening, and see what arrangement could be made toward organizing.

James Martin and Martin Elliott, residents of the East End, had skiffs stolen from them a few days ago, and it is proposed to institute a search to apprehend the thieves. During the past three weeks no less than 15 skiffs have been stolen between this place and Rochester. A short time ago Jack Wintergill purchased a boat from a stranger for a dollar. The person admitted he had stolen it.

They were discussing the silver question in a leading hotel, and all had taken an active part except the lean man with the weather beaten hat who sat by the window. "What is your position?" asked the king bee of the lot who had frequently declared he was a bimetalist and had consumed much time in an attempt to prove it. "I am a trimetalist," came the answer in a sad, plaintive tone, "I am trying to get all I can of it," and the argument ended.

### LOCAL BREVITIES.

Doctor Hobbs has purchased a fine driving horse.

If you read the NEWS REVIEW you will always know the news.

Henry Tasker and family are moving to the city from New Cumberland.

Thirty-seven people took advantage of the low rates and went to Cleveland this morning.

The wiring of the ice plant has been finished, and the light will be turned on this evening.

Will Timmons has entered his trotting horse, Major T., in the green trot at Hookstown.

A number of young people of this place attended a picnic at Cunningham's grove yesterday.

Miss Lulu Hanley is in charge of the postoffice in East End during the absence of Postmaster Baird.

The Labor Day committee and the committee from the Musical union will meet Monday evening.

A large number of bicyclists will attend the Salem races. If the roads dry up the trip will be made overland.

The meeting of claims committee to have been held last night was postponed, owing to one member being absent.

The West End camping club broke camp yesterday, after spending two weeks on the banks of Yellow Creek.

Reuben Austin and Agent T. J. Thomas, of the freight depot, will ride to Irondale on their wheels tomorrow.

A horse owned by Samuel Walters ran away while being driven in the country yesterday afternoon, and demolished the buggy.

An attempt was made to force an entrance into Rayl's livery stable on Union street at an early hour this morning, but the individual was frightened away.

The river has again reached its customary stage, and is still falling slowly. The Virginia and Lorena are due down this evening. There are no boats up today.

George C. Murphy entered suit in Squire Morley's court this morning against Joe Koegele for \$16.75. The case is set for trial Monday, Aug. 17, at 8 o'clock.

The program committee for the Labor Day celebration met last night, and made great progress in their work, but it will take another meeting before it is finally completed.

An open meeting was held by the Rechabites last evening in honor of the visiting delegates from Zanesville. Another meeting of the same kind will be held this evening.

The Sunday school classes of Miss Pearl Searight, Mrs. Frank White and Mrs. Will Anderson, of the Second U. P. church, enjoyed yesterday in the woods near East End.

Revival services will be commenced in Chester school house next Monday evening, and will continue for some time. Rev. C. W. Huffer will probably conduct the meetings.

W. S. Weeden, the soloist who lead the singing at the Schivevea meetings in the city last winter, has joined the Franz Wilczek Concert company, and will travel with them the coming season.

A drunken woman passed through the city on a street car last evening, and when near the power house fell asleep. A companion had great difficulty in awakening her when they reached their destination.

A local paper told its readers last evening that the place for holding the Labor Day picnic had not been decided upon, when it was generally known that the committee had reached a conclusion on Thursday night.

The lot of the tramp is a hard one in Wellsville. If the railroad men get him he is locked up and expected to work out a fine on the streets. If he escapes the police telegraph to other towns, and have him sent up as a vagrant.

Motormen on the street railway are after the combined scalp of the expressmen whose horses are always on the track. It frequently happens that the motorman must stop his car, and lead the horses out of danger's way.

A committee from the Shoemakers' union called on the Wellsville shoemakers Thursday, but met with little satisfaction. They promised, if possible, to visit the union some evening, and see what arrangement could be made toward organizing.

James Martin and Martin Elliott, residents of the East End, had skiffs stolen from them a few days ago, and it is proposed to institute a search to apprehend the thieves. During the past three weeks no less than 15 skiffs have been stolen between this place and Rochester. A short time ago Jack Wintergill purchased a boat from a stranger for a dollar. The person admitted he had stolen it.

They were discussing the silver question in a leading hotel, and all had taken an active part except the lean man with the weather beaten hat who sat by the window. "What is your position?" asked the king bee of the lot who had frequently declared he was a bimetalist and had consumed much time in an attempt to prove it. "I am a trimetalist," came the answer in a sad, plaintive tone, "I am trying to get all I can of it," and the argument ended.

## A REAL COMBINE.

The Biggest Circus in the World Will Come Aug. 11.

The uniting of the great John Robinson and Franklin Bros.' enormous shows has caused a "stir" in tented amusements, the like of which has never before been known.

This huge institution is the only one to present the wonderful "horseless carriage," and such well known and high salaried performers as Miss Rose Dockrill, the world's greatest equestrienne; Mr. Frank Miller and Mr. Robert Stickney, who stands at the head of the bareback riders of the profession; the five Cornalins family, Europe's foremost acrobats; Seigrist and Silbon, who are the acknowledged monarchs of the air; a double troupe of Royal Japanese performers; Miss Dollie Miller, the greatest lady acrobatic rider on either side of the Atlantic; the three famous French grotesques, the De Zallios; a troupe of 20 humanely educated horses and ponderous elephants, besides other novelties which can only be counted by the score. It is also a well known fact that these great shows present the finest zoological collection in America, and a hippodrome of surpassing merit. The grand street parade, which moves from the show grounds promptly each day at 10 a. m., is worth coming miles to see, and is the combined parades of both of these monster tented amusements. East Liverpool, Aug. 11.

## Missionary Rally.

Missionary meetings as a rule are held as money making schemes, and it is quite the unusual thing to hold one without taking up a collection. There is one to be held in this city in a few days, however, at which there will be no collection taken, but which it is believed will be very largely attended, owing to the attention that is being paid to informing the people of the event. The meeting will be held in the First Presbyterian church on Tuesday evening, the 11th instant, and will be addressed by Messrs. J. I. Williams and H. L. Greenawalt, both of Wooster university, and who are connected with what is known as the student volunteer movement. They both expect shortly to go as foreign missionaries, and are specially trained along lines pertaining to this great work. Such meetings are being held in nearly all the churches of Steubenville presbytery and are entirely educational in character, the speakers thoroughly understanding their subject, and speaking in such a manner as will interest any audience of Christian people. It is well known that comparatively few of the mass of professing Christians know very much concerning the organized work of their own denominations, and with a view to enlightening those who do not know, and securing their interest along these lines these meetings have been planned. The meetings, therefore, designed to do good and to entertain and instruct those who attend, rather than to receive anything from the audience, as it is thoroughly understood that no collection will be taken, and no admittance fee will be asked.

## TO THE PUBLIC.

Clarence G. Anderson, Ph. G. Makes an Announcement.

I desire to notify the residents of this section that I have opened a new drug store at the corner of Sixth and West Market streets, where I propose to conduct a first class drug and prescription business. A complete stock of drugs and chemicals, a large and varied assortment of toilet requisites, and the complete arrangement of the prescription department, enable me to meet all the demands of my patrons. Being a graduate of the Philadelphia College of Pharmacy, with a thorough experience in the business, together with the modern arrangement of my store, confer such advantages, in a business so exacting, that I can assure absolute accuracy in compounding prescriptions. Feeling confident that a store so complete in all its appointments, together with prompt and courteous attention to your wants, will merit your esteemed patronage, I am,  
Very Respectfully,  
CLARENCE G. ANDERSON, PH. G.  
Telephone, 146-2.

## An Introduction.

Having sold my store to B. C. Ansley, I take this means of introducing him to my many friends and acquaintances. You will find him fully competent to meet the demands of his patrons, he having had several years' experience as prescription clerk in the W. M. Hamilton pharmacy in Wellsville and other places, and is a graduate of a college of pharmacy. You will find him courteous and accommodating, and his one aim to please all patrons. Thanking you for all past favors, I am, yours truly,  
J. E. DEAVES.

A man's life may be saved in many ways. A man may commit suicide in a great many ways. Shooting himself through the head is quicker, but it is no more certain than neglecting his health. If a woman saw her husband with a pistol to his head, she would take prompt and vigorous measures to save him; but the same woman might see her husband on the down-grade to disease and death without seeing the seriousness of it. One-sixth of all the people who die, die of consumption. Consumption doesn't come all at once. It is insidious. The seeds of it are everywhere. Most people do not know how it starts. Thousands of people are on the road to consumption and do not know it. Whenever there is loss of flesh—paleness—wasting away—look out. Consumption easily finds a foot-hold in a weakened body. Low vitality, impure or poor blood, imperfect digestion, nervousness, sleeplessness—all these lead to consumption.

Taken in time, Dr. Pierce's Golden Medical Discovery will prevent the development of the disease. Taken according to directions, it will positively and perfectly cure ninety-eight per cent. of all cases of consumption, whether incipient or fully developed. Consumption is a disease of the blood. The "Golden Medical Discovery" is a cure for all blood diseases, no matter in what part or how they manifest themselves.

If you want to know all about it, and what it has done for other people, send twenty-one (21) one-cent stamps to cover the cost of mailing only for a FREE COPY of Dr. Pierce's great 1008 page work, "Common Sense Medical Adviser." Every family should have a copy of this book for ready reference. World's Dispensary Medical Association, Buffalo, N. Y.

## RESOLUTIONS OF RESPECT.

A Tribute From Everybody's Mission Sunday School of East Liverpool.  
To the memory of Brother Harry Cochran, who departed this life July 28, 1896:

WHEREAS, It has pleased Almighty God, the great ruler of the universe and ruler of our destinies, to take from our midst after many months of untold suffering, our much beloved and esteemed brother; be it therefore

Resolved, That we express our sincere regret and profound grief in the loss of one we all so loved and cherished as a teacher, also an active worker in our school.

Resolved, That in the death of Brother Cochran we are impressed with the uncertainty of life and the certainty of death, and we would warn the members of our school to be ready when called to assemble in that great home eternal in the heavens, where there is joy and peace forever.

Resolved, That we extend to the family and friends of our deceased brother, upon whom falls the heaviest burden, our heartfelt sympathy in their bereavement, reminding them that "the Lord giveth and the Lord taketh away," and to him they must look for strength to bear this affliction.

Resolved, That as a token of respect our charter be draped in mourning for a period of 30 days, that the family of our deceased brother be tendered the universal sympathy and friendship of our school, and finally be it

Resolved, That a copy of these resolutions be spread upon the records of our school, that a copy be presented to the family of the deceased brother and published in the daily press.

E. A. CHANDLER,

B. E. ALLEN,

T. J. JACKSON,

Committee.

## ASSESSMENT NOTICE.

East Liverpool, Aug. 1, 1896.  
The assessments for street improvements and sewers for the year 1896 are due and payable at the office of the City Clerk, on or before the first day of Sept., 1896. All assessments unpaid at that date will be certified to the County Auditor and collected with 10 per cent. penalty.

By order of the City Council.

## STORM IN INDIANA.

\$100,000 Damage Done at Richmond.

## HOUSES STRUCK BY LIGHTNING.

Thirty Buildings in the Lower Part of the City Flooded—Number of Manufacturing Plants Damaged—Fair Grounds Submerged From a Broken Levee.

RICHMOND, Ind., Aug. 8.—A storm and flood has occurred in this county that will inflict \$100,000 damage. Five houses were struck by lightning. The great stone dam at the Nixon paper mill has been swept away. Thirty houses in the lower part of the city were flooded.

The Nixon paper mill was submerged except the top story and a large stock of paper is ruined. The Richmond Light and Power company's plant suffered \$30,000 loss and damage. The Starr Piano company and Hoosier drill works are great sufferers.

At Hagerstown, where the county fair is in progress, the grounds were flooded by the breaking of the canal levee. There is a bad washout on the Pankhandle six miles east of here. The total rainfall in 24 hours was 5 inches. White river has overflowed its banks.

## CZAR'S MIND PROBABLY WEAK.

Reported Summons of a German Expert to the Russian Capital.

BERLIN, Aug. 8.—Prof. Mendall, the specialist in mental diseases, is reported by the Vorwarts to have gone to St. Petersburg, whither he was summoned by the Imperial family.

The Vorwarts, as the leading socialist organ of Germany, is not very good authority for the inside news of European royalties' affairs, but in this case its information chimes well with hazy but persistent reports that have reached the outside world from the Russian capital.

If the report of Prof. Mendall's visit is true he has probably been summoned to consult about the young czar, who has several times been the subject of unpleasant rumors as to his mental condition. One story declared that he was the prey of acute melancholia, and it was said that it was due in great part to the terrible tragedy on the field, whereby thousands of Russians lost their lives.

## GEORGIA POPULISTS' ACTION.

They Make Provision Should Sewall Withdraw.

ATLANTA, Aug. 8.—The Populist state convention fulfilled the prediction as to its action on the national ticket made by Thomas E. Watson in his address by unanimously adopting a resolution presented by the platform committee authorizing the state executive committee at any time that Arthur Sewall should be withdrawn from the Democratic ticket to withdraw six Populist electors and place six Democrats in their stead. This done, the convention adjourned sine die.

## PITH OF THE NEWS.

Two firemen were killed and five were badly burned at a fire in Bowman's porcelain works, Trenton, N. J.

A trolley car struck a stage coach filled with people at Ashbury Park, and besides killing a horse and injuring the driver, hurt two passengers, perhaps fatally.

Jacob Benner of Stockton, Camden county, N. J., had William Denveller arrested because the latter, he alleges, in endeavoring to kill a cat, seriously wounded Benner.

President Wilson, of the New York health board, has submitted a statement to the mayor, showing a remarkable decrease in the death rate of the city, as compared with 1892.

The coal tar trust has been revised, say New York advisers. The Barrett Manufacturing company of Chicago and various Philadelphia concerns are prominently named in connection therewith.

## A REAL COMBINE.

The Biggest Circus in the World Will Come Aug. 11.

The uniting of the great John Robinson and Franklin Bros.' enormous shows has caused a "stir" in tented amusements, the like of which has never before been known.

This huge institution is the only one to present the wonderful "horseless carriage," and such well known and high salaried performers as Miss Rose Dockrill, the world's greatest equestrienne; Mr. Frank Miller and Mr. Robert Stickney, who stands at the head of the bareback riders of the profession; the five Cornalins family, Europe's foremost acrobats; Seigrist and Silbon, who are the acknowledged monarchs of the air; a double troupe of Royal Japanese performers; Miss Dollie Miller, the greatest lady acrobatic rider on either side of the Atlantic; the three famous French grotesques, the De Zallors; a troupe of 20 humanly educated horses and ponderous elephants, besides other novelties which can only be counted by the score. It is also a well known fact that these great shows present the finest zoological collection in America, and a hippodrome of surpassing merit. The grand street parade, which moves from the show grounds promptly each day at 10 a. m., is worth coming miles to see, and is the combined parades of both of these monster tented amusements. East Liverpool, Aug. 11.

## Missionary Rally.

Missionary meetings as a rule are held as money making schemes, and it is quite the unusual thing to hold one without taking up a collection. There is one to be held in this city in a few days, however, at which there will be no collection taken, but which it is believed will be very largely attended, owing to the attention that is being paid to informing the people of the event. The meeting will be held in the First Presbyterian church on Tuesday evening, the 11th instant, and will be addressed by Messrs. J. I. Williams and H. L. Greenawalt, both of Wooster university, and who are connected with what is known as the student volunteer movement. They both expect shortly to go as foreign missionaries, and are specially trained along lines pertaining to this great work. Such meetings are being held in nearly all the churches of Steubenville presbytery and are entirely educational in character, the speakers thoroughly understanding their subject, and speaking in such a manner as will interest any audience of Christian people. It is well known that comparatively few of the mass of professing Christians know very much concerning the organized work of their own denominations, and with a view to enlightening those who do not know, and securing their interest along these lines these meetings have been planned. The meetings, therefore, designed to do good and to entertain and instruct those who attend, rather than to receive anything from the audience, as it is thoroughly understood that no collection will be taken, and no admittance fee will be asked.

## TO THE PUBLIC.

Clarence G. Anderson, Ph. G., Makes an Announcement.

I desire to notify the residents of this section that I have opened a new drug store at the corner of Sixth and West Market streets, where I propose to conduct a first class drug and prescription business. A complete stock of drugs and chemicals, a large and varied assortment of toilet requisites, and the complete arrangement of the prescription department, enable me to meet all the demands of my patrons. Being a graduate of the Philadelphia College of Pharmacy, with a thorough experience in the business, together with the modern arrangement of my store, confer such advantages, in a business so exacting, that I can assure absolute accuracy in compounding prescriptions. Feeling confident that a store so complete in all its appointments, together with prompt and courteous attention to your wants, will merit your esteemed patronage, I am,  
Very Respectfully,  
CLARENCE G. ANDERSON, Ph. G.  
Telephone, 146-2.

## An Introduction.

Having sold my store to B. C. Ansley, I take this means of introducing him to my many friends and acquaintances. You will find him fully competent to meet the demands of his patrons, he having had several years' experience as prescription clerk in the W. M. Hamilton pharmacy in Wellsville and other places, and is a graduate of a college of pharmacy. You will find him courteous and accommodating, and his one aim to please all patrons. Thanking you for all past favors, I am, yours truly,  
J. E. DEAVES.

FOR RENT—HOUSE OF SIX ROOMS. FOR full particulars, inquire at 341 Fourth street.

A man's life may be saved in many ways. A man may commit suicide in a great many ways. Shooting himself through the head is quicker, but it is no more certain than neglecting his health. If a woman saw her husband with a pistol to his head, she would take prompt and vigorous measures to save him; but the same woman might see her husband on the down-grade to disease and death without seeing the seriousness of it. One-sixth of all the people who die, die of consumption. Consumption doesn't come all at once. It is insidious. The seeds of it are seemingly insignificant. Most people do not know how it starts. Thousands of people are on the road to consumption and don't know it. When ever there is loss of flesh—pale face—wasting away—look out. Consumption easily finds a foot-hold in a weakened body. Low vitality, impure or poor blood, imperfect digestion, nervousness, sleeplessness—all these lead to consumption.

Taken in time, Dr. Pierce's Golden Medical Discovery will prevent the development of the disease. Taken according to directions, it will positively and perfectly cure ninety-eight per cent. of all cases of consumption, whether in its early or fully developed stage. Consumption is a disease of the blood. The "Golden Medical Discovery" is a cure for all blood diseases, no matter in what part or how they manifest themselves.

If you want to know all about it, and what it has done for other people, send twenty-one (21) one-cent stamps to cover the cost of mailing only for a FREE COPY of Dr. Pierce's great 1008 page work, "Common Sense Medical Advice." Every family should have a copy of this book for ready reference. World's Dispensary Medical Association, Buffalo, N. Y.

## RESOLUTIONS OF RESPECT.

A Tribute From Everybody's Mission Sunday School of East Liverpool.

To the memory of Brother Harry Cochran, who departed this life July 28, 1896:

WHEREAS, It has pleased Almighty God, the great ruler of the universe and ruler of our destinies, to take from our midst after many months of untold suffering, our much beloved and esteemed brother; be it therefore

Resolved, That we express our sincere regret and profound grief in the loss of one we all so loved and cherished as a teacher, also an active worker in our school.

Resolved, That in the death of Brother Cochran we are impressed with the uncertainty of life and the certainty of death, and we would warn the members of our school to be ready when called to assemble in that great home eternal in the heavens, where there is joy and peace forever.

Resolved, That we extend to the family and friends of our deceased brother, upon whom falls the heaviest burden, our heartfelt sympathy in their bereavement, reminding them that "the Lord giveth and the Lord taketh away," and to him they must look for strength to bear this affliction.

Resolved, That as a token of respect our charter be draped in mourning for a period of 30 days, that the family of our deceased brother be tendered the universal sympathy and friendship of our school, and finally be it

Resolved, That a copy of these resolutions be spread upon the records of our school, that a copy be presented to the family of the deceased brother and published in the daily press.

B. E. ALLEN,  
T. J. JACKSON,

## STORM IN INDIANA.

\$100,000 Damage Done at Richmond.

## HOUSES STRUCK BY LIGHTNING.

Thirty Buildings in the Lower Part of the City Flooded—Number of Manufacturing Plants Damaged—Fair Grounds Submerged From a Broken Levee.

RICHMOND, Ind., Aug. 8.—A storm and flood has occurred in this county that will inflict \$100,000 damage. Five houses were struck by lightning. The great stone dam at the Nixon paper mill has been swept away. Thirty houses in the lower part of the city were flooded.

The Nixon paper mill was submerged except the top story and a large stock of paper is ruined. The Richmond Light and Power company's plant suffered \$20,000 loss and damage. The Starr Piano company and Hoosier drill works are great sufferers.

At Hagerstown, where the county fair is in progress, the grounds were flooded by the breaking of the canal levee. There is a bad washout on the Paulsboro six miles east of here. The total rainfall in 24 hours was 5 inches. White river has overflowed its banks.

## CZAR'S MIND PROBABLY WEAK.

Reported Summons of a German Expert to the Russian Capital.

BERLIN, Aug. 8.—Prof. Mendall, the specialist in mental diseases, is reported by the Voerwarts to have gone to St. Petersburg, whither he was summoned by the imperial family.

The Voerwarts, as the leading socialistic organ of Germany, is not very good authority for the inside news of European royalty's affairs, but in this case its information chimes well with hazy but persistent reports that have reached the outside world from the Russian capital.

If the report of Prof. Mendall's visit is true he has probably been summoned to consult about the young czar, who has several times been the subject of unpleasant rumors as to his mental condition. One story declared that he was the prey of acute melancholia, and it was said that it was due in great part to the terrible tragedy on the field, whereby thousands of Russians lost their lives.

## GEORGIA POPULISTS' ACTION.

They Make Provision Should Sewall Withdraw.

ATLANTA, Aug. 8.—The Populist state convention fulfilled the prediction as to its action on the national ticket made by Thomas E. Watson in his address by unanimously adopting a resolution presented by the platform committee authorizing the state executive committee at any time that Arthur Sewall should be withdrawn from the Democratic ticket to withdraw six Populist electors and place six Democrats in their stead. This done, the convention adjourned sine die.

## PITH OF THE NEWS.

Two firemen were killed and five were badly burned at a fire in Bowman's porcelain works, Trenton, N. J.

A trolley car struck a stage coach filled with people at Ashbury Park, and besides killing a horse and injuring the driver, hurt two passengers, perhaps fatally.

Jacob Benner of Stockton, Camden county, N. J., had William Denveler arrested because the latter, he alleges, in endeavoring to kill a cat, seriously wounded Benner.

President Wilson, of the New York health board, has submitted a statement to the mayor, showing a remarkable decrease in the death rate of the city, as compared with 1892.

The coal tax trust has been revised, say New York advices. The Barrett Manufacturing company of Chicago and various Philadelphia concerns are prominently named in connection therewith.
